

## Say yes to going out!

Shows, restaurants, bars, cultural or sports outings—it's good to get back to our usual activities. And to make the most of it, the STL has Unlimited Evening and Unlimited Weekend fares!

No need to worry about gas prices or circling around looking for parking or needing a designated driver when the terrasses open up for drinks and dining on the patio.

Both unlimited fares allow you to take the bus, train and metro as often as you like on the metropolitan networks, for either one night or one weekend.

- **Unlimited Evening:** \$5.75 to get around all night as of 6 p.m. until early next morning
- **Unlimited Weekend:** \$14.50 to start going out as of 4 p.m. Friday until early Monday morning

Available on the OPUS card at all our points of sale and on the L'Occasionnelle card sold at metropolitan ticket offices.

## No schedule change this spring

Whether it's early or late, whether you get inspired by springtime or you dread the thought of putting away your skis, skates, sleds or snowshoes, we wish you a mild spring.

Note that no changes are planned for our bus schedules until summer. Paper bus schedules will therefore stay in effect until June 24.

New paper schedules will be available as of June 25, 2022.
