

## Watch out! Transit fares are changing soon

As of July 1, you will need to purchase a Bus fare to ride the bus throughout Zone A, B and C, including Laval. Bus fares are available in 1-, 2- and 10-trip passes or monthly passes. They will be replacing STL fares and are much more flexible.

Note that TRAM 3 becomes the All Modes AB fare, available as a monthly pass, as well as 1-, 2- and 10-trip passes. The All Modes AB fare gives riders access to all modes of public transit in Laval, Montréal and the agglomeration of Longueuil.

If monthly passes are already on sale, the other fares will be available as of July 1. Do you still have some STL fares left over? Don't worry, they are still valid for using the bus in Laval.
