

\$1 on smog days!

June 1 to September 6, public transit will be \$1 the day following a smog warning for Laval. This fare will apply to all regular buses and shared taxi services.

One more reason to leave your car home and contribute to improving air quality.

Simplified pricing system in transit

On **July 1**, the fare reform from the ARTM will come into effect for the Greater Montréal Area. For the Laval population, this means:

- Children ages 11 and under travel free (subject to certain conditions)
- 40% off monthly passes and annual memberships for all full-time students 18 and over
- On average, all fares will be indexed by 2%, except for the regular one-way fare, which will remain unchanged at **\$3.50**
