

Free rides and seniors' residence routes: The STL responds to the needs of Laval

On December 24 and 31, everyone rides the bus for free.

"The STL's mandate is to serve Lavallers and we do everything we can to meet their needs."

David De Cotis
President of the STL's Board of Directors

FREE TRAVEL DURING THE HOLIDAYS

To thank the people of Laval for their loyalty, we are offering them the chance to travel on our buses for free on December 24 and 31. The STL is taking this opportunity to combat drinking and driving and drowsy driving and ensure that thousands of Lavallers get home safe by choosing public transportation.

This initiative is also a chance to collect donations for a good cause from our riders. Last year, over \$9,000 was raised for the STL's *Boomerang* committee to support the School Food Program from the *Centre de bénévolat et moisson Laval's*. This program provides a proper breakfast for Laval's children in need before school.

SENIORS' RESIDENCE ROUTES

The STL provides buses that are dedicated to serving several seniors' residences in Laval. These routes are designed to provide riders with a direct connection to Laval's places of interest, such as shopping centres, libraries and health centres. The STL created these routes to offer Laval's seniors access to leisure activities and help to eliminate the obstacles to social participation and foster a more inclusive society.

These eight lines offer between one and four return trips, two to three times per week from the entrance of the residence to various public locations. This service is offered at the regular fare and, Laval citizens aged 65 and over travel for free with a valid Horizon 65+ pass on their Opus card.

Providing seniors with the opportunity to travel safely and without stress is just common sense.

THE STL RECEIVES HIGH HONOURS FROM THE MOUVEMENT QUÉBÉCOIS DE LA QUALITÉ

It is with enormous pride that the STL accepted the *Grande Mention* at the 2015 Grands prix québécois de la qualité, in recognition of its exemplary management practices and for the quality of its overall performance. We constantly strive to use the best management practices to enhance our services in tandem with the needs of Lavallers.

SEASON'S GREETINGS

"2015 is drawing to an end. There were many major developments this year and even more work to improve public transportation has been announced for the coming year. At this, the very beginning of 2016, I'd like to thank our 60,000 clients for choosing public transit. A happy and healthy 2016 to you all! May this year help us to move forward on the path to sustainable mobility", wishes David De Cotis.
